Hearing Voices That Are Distressing

A Simulation and Training Experience

The goals of this experience are to:

- **Learn about the subjective experience of hearing voices that are distressing**
- **Become more empathetic towards those who hear distressing voices**
- **Change clinical practices to better address the needs of people who hear distressing voices**

Columbian Centre Society is offering this training program at the Clements Centre Society, 5856 Clements St., Duncan

Monday, January 27, 2014

2:00 pm - 5:30 pm
